State [Party]: THE CZECH REPUBLIC reporting for time period from 1/1/2018 to 31/12/2018

[Narrative / reference to other reports:]

Steps taken to implement provisions of Article 6:

The Czech Republic in given period provided financial contribution to:

- 1) **the Ottawa Treaty** on activities of the Implementation Support Unit (ISU) in the framework of the Ottawa Treaty – 150,000 CZK;
- 2) **Bosnia and Herzegovina** through the International Trust Fund (ITF) to be used for demining of 3,581 sq. m soil in the area of Zemljište Krsmanović Vitomira (the Rogatica region, Republika Srpska) – 250,000 CZK;
- 3) **Ukraine** through the NATO-Ukraine Medical Rehabilitation Trust Fund to provide support to patients (i.e. active and discharged Ukrainian servicemen and women and civilian personnel from the defence and security sector) to ensure they have rapid access to medical rehabilitation care and to longer term medical services as well as support to the medical rehabilitation system in Ukraine to ensure that the system has the means to provide such a support – 40,000 EUR;
- 4) **Bosnia and Herzegovina** through the OSCE SAFE-UP Project to increase security and service support to ammunition and weapons warehouses in Bosnia and Herzegovina in order to show an effort in contributing to stabilization of the Western Balkan – 39,925 EUR.

Since the Czech Republic does not differentiate among various ERWs (mines, cluster munitions, EOD) in terms of assistance, above given information on assistance is also included in CCW P-II, APLC and CCM reporting forms provided by the Czech Republic.

Matters pertaining to compliance and implementation not covered by the formal reporting requirements contained in Article 7

On 1 January 2016, the Military Training Area Brdy was abolished by Act No. 15/2015 of the Collection of Laws, on the border military districts. The process of search, detection and destruction of UXO in this area was completed.

Although Brdy Protected Landscape Area was established in January 2016, the entire area is not open to the public. There are six locations which will remain permanently closed, which include inaccessible target impact areas.

In this regard, on 9 October 2017 the Minister of Defence of the Czech Republic issued a Provision, which established temporarily no-go zones within the Military Training Area Brdy until 31 December 2018 due to their pyrotechnic reconnaissance. Once this reconnaissance is concluded there will be a new Provision issued cancelling these temporary no-go zones.
