<sup>1</sup> Notes on using the cover page:

1. The cover page could be used as a **complement** to submitting detailed forms adopted at the [First and Second] Meetings of the States parties in instances when the information to be provided in some of the forms in an annual report is the same as it would be in past reports. That is, when using the cover page, only forms within which there is new information would need to be submitted.
2. The cover page could be used as a **substitute** for submitting detailed forms adopted at the [First and Second] Meetings of the States parties only if all of the information to be provided in an annual report is the same as in past reports.
3. If an indication is made on the cover sheet that the information to be provided with respect to a particular form would be unchanged in relationship to a previous year's form, the date of submission of the previous form should be clearly indicated.

State [Party]: ESTONIA reporting for time period from 01.01.2018 to 31.12.2018

[Narrative / reference to other reports:]

During 2018, the Explosive Ordnance Disposal (EOD) Centre<sup>[i]</sup> conducted Mine Awareness and Remnants of War familiarization and identification training to approximately 4000 people, thereby addressing some ~ 1,000 adults and ~ 3,000 children. The Centre's four regional bomb groups addressed the people via 59 events (training, prevention, study days, public events).

The EOD Centre also conducted in 2018 the destruction of 3880 explosive remnants of war, which amongst other included: 2659 shells, 580 mortar mines, 371 grenades, 64 airplane bombs and 27 landmines.

Since 1999, Estonia has annually contributed to the United Nations Voluntary Trust Fund for Assistance in Mine Clearance. In recent years, Estonia has prioritized mine action assistance through UNMAS in areas liberated from Daesh in Syria and Iraq and contributed during 2016-2017 60 000 USD. In 2018 Estonia contributed to UNMAS for mine action activities in Iraq in the amount of 30 000 USD.

From 2009-2013, Estonia was among the lead nations for NATO/PfP Trust Fund project on ERW including anti-personnel land mines' clearance and medical rehabilitation support to Georgia (NATO/PfP Georgia III Trust Fund). The objectives of the project were the development and enhancement of Georgia's Explosive Ordnance Disposal (EOD) capacity, through the provision of specialist EOD equipment and training to the Georgian Armed Forces and the provision of the establishment of a physical rehabilitation centre at the Military Hospital in Gori. Estonia's contribution to the Trust Fund was EUR 136,667. In 2013, a continual project was launched to the previous NATO/PfP Trust Funds. The objective of the NATO/PfP Trust Fund project was EOD clearance at the former SKRA ammunition depot and further development training to the previously trained EOD Company. Estonia's contribution to the Trust Fund was EUR 100,000.

2016-2017 Estonia launched a project to support the establishment of humanitarian demining training programme in the Ukrainian Lviv State University of Life Safety. The main goal of the project was to support establishment of the training system in the field of humanitarian demining in Ukraine. The project also continued in 2018 and continues in 2019. Estonia has contributed to the project

over 171 000 EUR in total. In the framework of the project, methodology of the explosive ordnance disposal (EOD) officers training in Ukraine and their training curricula was developed. Ukrainian students and instructors have received trainings in Estonia and the whole concept of EOD training in Lviv State University of Life Safety was elaborated. Special attention was turned to the use of the International Mine Association Standards (IMAS) in the EOD practice in Ukraine. As an outcome, the EOD training department of the university started functioning in full scale. Estonia supports the Ukrainian Emergency Situations Service in the field of humanitarian demining. The final fund of project was 76 000 EUR.

<sup>[i]</sup> The Center, established in 1992 and consisting of four regionally located Bomb Groups, is subordinate to the Estonian Rescue Board (under the direction of the Ministry of Internal Affairs) and conducts civilian EOD operations and provides related training. Estonian EOD personnel have contributed to demining operations in Afghanistan, and continue to conduct operations at home, in accordance with NATO and IMSMA standards.
