<sup>1</sup> Notes on using the cover page:

1. The cover page could be used as a **complement** to submitting detailed forms adopted at the [First and Second] Meetings of the States parties in instances when the information to be provided in some of the forms in an annual report is the same as it would be in past reports. That is, when using the cover page, only forms within which there is new information would need to be submitted.
2. The cover page could be used as a **substitute** for submitting detailed forms adopted at the [First and Second] Meetings of the States parties only if all of the information to be provided in an annual report is the same as in past reports.
3. If an indication is made on the cover sheet that the information to be provided with respect to a particular form would be unchanged in relationship to a previous year's form, the date of submission of the previous form should be clearly indicated.

**CONVENTION ON THE PROHIBITION OF THE USE, STOCKPILING, PRODUCTION AND TRANSFER OF  
ANTI-PERSONNEL MINES AND ON THEIR DESTRUCTION**

**Form A National implementation measures**

Article 7.1 "Each State Party shall report to the Secretary-General ... on:  
a) The national implementation measures referred to in Article 9."

*Remark:* In accordance with Article 9, "Each State Party shall take all appropriate legal, administrative and other measures, including the imposition of penal sanctions, to prevent and suppress any activity prohibited to a State Party under this Convention undertaken by persons or on territory under its jurisdiction or control".

State [Party]: ESTONIA reporting for time period from 01.01.2019 to 31.12.2019

| Measures                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | Supplementary information (e.g., effective date of implementation & text of legislation attached). |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------|
| <p>The Convention on the prohibition of the use, stockpiling, production and transfer of APMs and on their destruction was ratified by the Estonian parliament on 24 March 2004. The Convention is part of Estonia's national legal system and Estonia is in full compliance with the provisions of the Convention.</p> <p>The Strategic Goods Act in force from March 1 2020 explicitly prohibits the transfer of antipersonnel mines and the related services, except in the case when it is absolutely necessary for the purpose of training or the demolition thereof. For the purposes of this Act the transfer of strategic goods is the import, export, transit and transfer of defence-related products within the European Union.</p> <p>Violations of the provisions of the Convention committed by persons will be punished according to Paragraphs 93 and 103 of the Estonian Penal Code.</p> |                                                                                                    |

**Form B Stockpiled anti-personnel mines**

Article 7.1 "Each State Party shall report to the Secretary-General ... on:

b) The total of all stockpiled anti-personnel mines owned or possessed by it, or under its jurisdiction or control, to include a breakdown of the type, quantity and, if possible, lot numbers of each type of anti-personnel mine stockpiled."

State [Party]: ESTONIA reporting for time period from 01.01.2019 to 31.12.2019

1. Total of stockpiled anti-personnel mines

| Type  | Quantity | Lot # (if possible) | Supplementary information            |
|-------|----------|---------------------|--------------------------------------|
| NA    |          |                     | <b>Estonia does not possess APMs</b> |
|       |          |                     |                                      |
| TOTAL |          |                     |                                      |

2. Previously unknown stockpiles of anti-personnel mines discovered after the deadlines have passed. (*Action #15 of Nairobi Action Plan*) \*

| Type  | Quantity | Lot # (if possible) | Supplementary information            |
|-------|----------|---------------------|--------------------------------------|
| NA    |          |                     | <b>Estonia does not possess APMs</b> |
|       |          |                     |                                      |
| TOTAL |          |                     |                                      |

\* Pursuant to the decision of the 8MSP, as contained in paragraph 29 of the Final Report of the Meeting, document APLC/MSP.8/2007/6.

**Form C      Location of mined areas**

Article 7.1    "Each State Party shall report to the Secretary-General ... on:

c) To the extent possible, the location of all mined areas that contain, or are suspected to contain, anti-personnel mines under its jurisdiction or control, to include as much detail as possible regarding the type and quantity of each type of anti-personnel mine in each mined area and when they were emplaced."

State [Party]: ESTONIA reporting for time period from 01.01.2019 to 31.12.2019

1. Areas that contain mines\*

| Location | Type | Quantity | Date of emplacement | Supplementary information                  |
|----------|------|----------|---------------------|--------------------------------------------|
| NA       |      |          |                     | <b>There are no mined areas in Estonia</b> |
|          |      |          |                     |                                            |

2. Areas suspected to contain mines\*

| Location | Type | Quantity | Date of emplacement | Supplementary information                  |
|----------|------|----------|---------------------|--------------------------------------------|
| NA       |      |          |                     | <b>There are no mined areas in Estonia</b> |
|          |      |          |                     |                                            |

\* If necessary, a separate table for each mined area may be provided

**Form D APMs retained or transferred**

Article 7.1 "Each State Party shall report to the Secretary-General ... on:

d) The types, quantities and, if possible, lot numbers of all anti-personnel mines retained or transferred for the development of and training in mine detection, mine clearance or mine destruction techniques, or transferred for the purpose of destruction, as well as the institutions authorized by a State Party to retain or transfer anti-personnel mines, in accordance with Article 3"

State [Party]: ESTONIA reporting for time period from 01.01.2019 to 31.12.2019

1a. **Compulsory:** Retained for development of and training in (*Article 3, para.1*)

| Institution authorized by State Party | Type      | Quantity | Lot # (if possible) | Supplementary information |
|---------------------------------------|-----------|----------|---------------------|---------------------------|
| <b>Estonian Defence Forces</b>        | <b>NA</b> |          |                     |                           |
|                                       |           |          |                     |                           |
| <b>TOTAL</b>                          | -----     |          |                     |                           |

1b. **Voluntary information** (*Action #54 of Nairobi Action Plan*)

| Objectives | Activity / Project | Supplementary information<br><i>(Description of programs or activities, their objectives and progress, types of mines, time period if and when appropriate...)</i>                                                                           |
|------------|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|            |                    | "Information on the plans requiring the retention of mines for the development of and training in mine detection, mine clearance, or mine destruction techniques and report on the actual use of retained mines and the results of such use" |

NOTE: Each State Party should provide information on plans and future activities if and when appropriate and reserves the right to modify it at any time

**Form D** (continued)

2. **Compulsory:** Transferred for development of and training in (*Article 3, para.1*)

| Institution authorized by State Party | Type      | Quantity | Lot # (if possible) | Supplementary information:<br>e.g. transferred from, transferred to |
|---------------------------------------|-----------|----------|---------------------|---------------------------------------------------------------------|
| <b>Estonian Defence Forces</b>        | <b>NA</b> |          |                     |                                                                     |
| TOTAL                                 | -----     |          |                     |                                                                     |

3. **Compulsory:** Transferred for the purpose of destruction (*Article 3, para.2*)

**Form I      Measures to provide warning to the population**

Article 7.1      "Each State Party shall report to the Secretary-General ... on:

- i) The measures taken to provide an immediate and effective warning to the population in relation to all areas identified under paragraph 2 of Article 5."

*Remark:* In accordance with Article 5, para.2: "Each State Party shall make every effort to identify all areas under its jurisdiction or control in which anti-personnel mines are known or suspected to be emplaced and shall ensure as soon as possible that all anti-personnel mines in mined areas under its jurisdiction or control are perimeter-marked, monitored and protected by fencing or other means, to ensure the effective exclusion of civilians, until all anti-personnel mines contained therein have been destroyed. The marking shall at least be to the standards set out in the Protocol on Prohibitions or Restrictions on the Use of Mines, Booby-Traps and Other Devices, as amended on 3 May 1996, annexed to the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects".

State [Party]: ESTONIA reporting for time period from 01.01.2019 to 31.12.2019

[Narrative:] NA, since there are no mined areas in Estonia.

**Form J      Other relevant matters**

Remark: States Parties may use this form to report voluntarily on other relevant matters, including matters pertaining to compliance and implementation not covered by the formal reporting requirements contained in Article 7. States Parties are encouraged to use this form to report on activities undertaken with respect to Article 6, and in particular to report on assistance provided for the care and rehabilitation, and social and economic reintegration, of mine victims.

State [Party]: ESTONIA reporting for time period from 01.01.2019 to 31.12.2019

[Narrative / reference to other reports:]

During 2019, the Explosive Ordnance Disposal (EOD) Centre<sup>[i]</sup> conducted Mine Awareness and Remnants of War familiarization and identification training to approximately 5700 people, thereby addressing some ~ 1,900 adults and ~ 3,800 children. The Centre's four regional bomb groups addressed the people via 53 events (training, prevention, study days, public events).

The EOD Centre also conducted in 2019 the destruction of 3406 explosive remnants of war, which amongst other included: 2020 shells, 645 mortar mines, 549 grenades, 63 airplane bombs and 45 landmines.

Since 1999, Estonia has annually contributed to the United Nations Voluntary Trust Fund for Assistance in Mine Clearance. In recent years, Estonia has prioritized mine action assistance through UNMAS in areas liberated from Daesh in Syria and Iraq and contributed during 2016-2018 90 000 USD. In 2019, Estonia contributed to UNMAS for mine action activities in Iraq and Syria in the amount of 30 000 USD.

From 2009-2013, Estonia was among the lead nations for NATO/PfP Trust Fund project on ERW including anti-personnel land mines' clearance and medical rehabilitation support to Georgia (NATO/PfP Georgia III Trust Fund). The objectives of the project were the development and enhancement of Georgia's Explosive Ordnance Disposal (EOD) capacity, through the provision of specialist EOD equipment and training to the Georgian Armed Forces and the provision of the establishment of a physical rehabilitation centre at the Military Hospital in Gori. Estonia's contribution to the Trust Fund was EUR 136,667. In 2013, a continual project was launched to the previous NATO/PfP Trust Funds. The objective of the NATO/PfP Trust Fund project was EOD clearance at the former SKRA ammunition depot and further development training to the previously trained EOD Company. Estonia's contribution to the Trust Fund was EUR 100,000.

2016-2017 Estonia launched a project to support the establishment of humanitarian demining training programme in the Ukrainian Lviv State University of Life Safety. The main goal of the project was to support establishment of the training system in the field of humanitarian demining in Ukraine. The project continued until the end of 2019. Estonia contributed to the project over 152 000 EUR in total. In the framework of the project, methodology of the explosive ordnance disposal (EOD) officers' training in Ukraine and their training curricula was developed. Ukrainian students and instructors have received trainings in Estonia and the whole concept of EOD training in Lviv State University of Life Safety was elaborated. Special attention was turned to use of the International Mine Association Standards (IMAS) in the EOD practice in Ukraine. As an outcome, the EOD training department of the university started functioning in full scale. Estonia supports the Ukrainian Emergency Situations Service in the field of humanitarian demining. The final fund of the last project was 76 600 EUR.

---

<sup>[i]</sup> The Center, established in 1992 and consisting of four regionally located Bomb Groups, is subordinate to the Estonian Rescue Board (under the direction of the Ministry of Internal Affairs) and conducts civilian EOD operations and provides related training. Estonian EOD personnel have contributed to demining operations in Afghanistan, and continue to conduct operations at home, in accordance with NATO and IMSMA standards.
