Notes on using the cover page:

1. The cover page can be used as a **complement** to submitting detailed forms adopted at the First and Second Meetings of the States Parties in instances when the information to be provided in some of the forms in an annual report is the same as it would be in past reports. That is, when using the cover page, only forms within which there is new information needs to be submitted.
2. The cover page can be used as a **substitute** for submitting detailed forms adopted at the First and Second Meetings of the States Parties only if all of the information to be provided in an annual report is the same as in past reports.
3. If an indication is made on the cover sheet that the information to be provided with respect to a particular form is **unchanged** in relationship to a previous year's form, the **date of submission** of the previous form should be clearly indicated.

State [Party]: United Kingdom reporting for time period from 01 Jan 2021 to 31 Dec 2021

As well as leading by example through our national demining programme, the UK supports other states to meet their Convention obligations. The UK’s “mine action” programmes collectively cover the clearance of cluster munitions, landmines and other explosive remnants of war, alongside risk education and other activities. It is not possible to separate out funds spent relating to anti-personnel mines alone. These projects take place through funds from the Foreign, Commonwealth and Development Office under its Global Mine Action Programme (previously administered by the former Department for International Development), other Foreign, Commonwealth and Development Office funds (previously administered by the Foreign and Commonwealth Office), and the UK Government’s Conflict, Security and Stability Fund (CSSF).

NB: the programmes marked with an asterisk represent payments made to UN voluntary trust funds; not the amount the UN, whose responsibility it is to spend, may or may not have spent in that calendar year through downstream implementing partners.

In 2021, as part of its wider support to the Syria Civil Defence, the CSSF funded UXO identification and removal operations, as well as training on UXO identification and safety for communities in north-west Syria.

Somalia CSSF – The CSSF also funds a Defence Advisor. However, we cannot delineate the exact costs as this forms part of advisory support.
