(ONLY FOR THE PURPOSES OF CLARIFICATION)

**Form A National implementation measures**

Article 7.I "Each State Party shall report to the Secretary-General ... on:  
a) The national implementation measures referred to in Article 9."

*Remark:* In accordance with Article 9, "Each State Party shall take all appropriate legal, administrative and other measures, including the imposition of penal sanctions, to prevent and suppress any activity prohibited to a State Party under this Convention undertaken by persons or on territory under its jurisdiction or control".

State [Party]: Bosnia and Herzegovina reporting for time period from January to December 2011

Measures	Supplementary information (e.g., effective date of implementation & text of legislation attached).
Bosnia and Herzegovina Criminal Law has been annexed to accommodate ban of all the activities prohibited under the Convention.	Criminal Law of Bosnia and Herzegovina enter into force on 1 <sup>st</sup> March 2003. Chapter XVI: Criminal acts against integrity of Bosnia and Herzegovina – Article 165; Chapter XVII: Criminal acts against humanity and values protected under international law – Articles 193 and 193 a.

Form B Stockpiled anti-personnel mines

Article 7.1 "Each State Party shall report to the Secretary-General ... on:  
b) The total of all stockpiled anti-personnel mines owned or possessed by it, or under its jurisdiction or control, to include a breakdown of the type, quantity and, if possible, lot numbers of each type of anti-personnel mine stockpiled."

State [Party]: Bosnia and Herzegovina reporting for time period from January to December 2011

The State Party of Bosnia and Herzegovina has destroyed all stocks of landmines except those retained for training purposes as allowed in the Convention. This was reported in our last report. Detailed figures are as follows.

BH Armed Forces have 125 AP Mines without fuses for training purposes.

MDDC (Mine Detection Dogs Centre Bosnia and Herzegovina) have 335 AP mines without fuses in use as targets for explosive detecting dogs testing.

Mine Action Centre (BHMACE) - 351 mines kept for training purposes.

Civil Protection Republika Srpska - 4 AP mines without fuses.

Civil Protection of Federation BiH - 237 AP mines without fuses. (All mines are temporarily disposed in warehouses for a specific purpose of the Federal Civil Protection Administration within the enterprise Pretis-Yogosca. Mines will be destroyed within regular activities of UXO and EOD destruction, while the part will be kept for development of training polygon for EDDs and training of operators for UXO destruction).

Other demining companies - 572 mines without fuses.

Total in BiH: 1,624 mines without fuses.

1. Areas that contain mines\*

Location	Type	Quantity	Date of emplacement	Supplementary information
Bosnia and Herzegovina	All types of AP and AT mines	Estimation: 200.000 mines and UXO	1992-1995.	Estimation: 450 km <sup>2</sup>

2. Areas suspected to contain mines\*

\* If necessary, a separate table for each mined area may be provided

Location	Type	Quantity	Date of emplacement	Supplementary information
Bosnia and Herzegovina	All types of AP and AT mines	Estimation: 200.000 mines and UXO	1992-1995.	Mine suspected area on the end of reporting period in Bosnia and Herzegovina is 1,340 km <sup>2</sup> .

In 2011, there were 196,42 km<sup>2</sup> mine suspect area surveyed / treated, which is 101% out of plan – 195,15 km<sup>2</sup>. Mine suspect area is reduced by 102, 62 km<sup>2</sup> or 70% out of plan – 146, 65 km<sup>2</sup>. Humanitarian demining operations reduced 12, 69 km<sup>2</sup> of mine risk area (9, 56 km<sup>2</sup> through technical survey operations and 3, 13 km<sup>2</sup> through clearance operations); within general survey operations, 6, 79 km<sup>2</sup> has been declared as area without defined risk while 83, 14 km<sup>2</sup> has been reduced through additional analysis and mine suspect area assessment within the systematic survey operations.

**Form D APMs retained or transferred**

Article 7.1 "Each State Party shall report to the Secretary-General ... on:

d) The types, quantities and, if possible, lot numbers of all anti-personnel mines retained or transferred for the development of and training in mine detection, mine clearance or mine destruction techniques, or transferred for the purpose of destruction, as well as the institutions authorized by a State Party to retain or transfer anti-personnel mines, in accordance with Article 3"

**Form E Status of programs for conversion or de-commissioning of APM production facilities**

Article 7.1 "Each State Party shall report to the Secretary-General ... on:  
e) The status of programs for the conversion or de-commissioning of anti-personnel mine production facilities."

State [Party]: Bosnia and Herzegovina reporting for time period from January to December 2011

Indicate if to "convert" or "decommission"	Status (indicate if "in process" or "completed")	Supplementary information
<p>Within Federation of Bosnia and Herzegovina:</p> <p>Bugojno's factory has destroyed all of the equipment used in mine production. Factory itself has reorganized production and is not producing mines, nor is able to produce mines any more.</p> <p>"Igman Konjic" – Konjic, the factory is producing initial ammo but NOT AP mines.</p> <p>"Pobjeda" – Gorazde, the factory is producing initial explosives and ammo but NOT AP mines.</p>	<p>Within Republika Srpska, mine production factories did not exist before the war, or after.</p>	<p>To date the State Party of Bosnia and Herzegovina has completed the programme pertaining to the conversion or decommissioning of APM production facilities.</p>

Form F Status of programs for destruction of APMs

Article 7.1 "Each State Party shall report to the Secretary-General ... on:

f) The status of programs for the destruction of anti-personnel mines in accordance with Articles 4 and 5, including details of the methods which will be used in destruction, the location of all destruction sites and the applicable safety and environmental standards to be observed."

State [Party]: Bosnia and Herzegovina reporting for time period from January to December 2011

1. Status of programs for destruction of stockpiled APMs (Article 4)

The State Party of Bosnia and Herzegovina has destroyed all stocks of landmines except those retained for training purposes as allowed in the Convention, Article 4.

Description of the status of programs including:	Details of:
Location of destruction sites	Methods
-	Applicable safety standards
-	Applicable environmental standards

2. Status of programs for destruction of APMs in mined areas (Article 5)

Description of the status of programs including:		Details of:
Location of destruction sites Destruction of mines and UXO is conducted on the discovery site or other place envisaged for that, in accordance with Standard for Mine and UXO Destruction in Bosnia and Herzegovina		
Destruction of mines and UXO in Bosnia and Herzegovina is conducted by explosive charge		Methods
Standards as specified in Standard for Mine and UXO Destruction in Bosnia and Herzegovina		Applicable safety standards
Standards in accordance with Standard for Mine and UXO Destruction in Bosnia and Herzegovina		Applicable environmental standards

**Form I Measures to provide warning to the population**

Article 7.1 "Each State Party shall report to the Secretary-General ... on:

i) The measures taken to provide an immediate and effective warning to the population in relation to all areas identified under paragraph 2 of Article 5."

*Remark:* In accordance with Article 5, para.2: "Each State Party shall make every effort to identify all areas under its jurisdiction or control in which anti-personnel mines are known or suspected to be emplaced and shall ensure as soon as possible that all anti-personnel mines in mined areas under its jurisdiction or control are perimeter-marked, monitored and protected by fencing or other means, to ensure the effective exclusion of civilians, until all anti-personnel mines contained therein have been destroyed. The marking shall at least be to the standards set out in the Protocol on Prohibitions or Restrictions on the Use of Mines, Booby-Traps and Other Devices, as amended on 3 May 1996, annexed to the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects".

State [Party]: Bosnia and Herzegovina reporting for time period from January to December 2011

[Narrative:]

Mine Risk Education had its key role in implementation of Mine Action Plans for mine / UXO impacted municipalities, and within their tasks MRE projects were realised, i.e. projects of emergency and permanent marking, as well as placing mine situation information panels / billboards. MRE projects were fully realised (I and II phase) within the conduct of Mine Action Plans in following mine / UXO impacted municipalities: Mrkonjić Grad, Maglaj and Bosanska Krupa, by NGO „Posavina bez mina“ and NGO „Genesis Project“, and with technical and financial support of Delegation of European Union in BOSNIA AND HERZEGOVINA; Jablanica and Trebinje, by NGO „Posavina bez mina“, and with technical and financial support by ITF; Berkovići, by NGO „Prepelica“; Stolac and Jajce, by NGO „Orhideja“, and with technical and financial support from „Handicap International“; Orašje, by NGO „Intersos“, and with technical and financial support of Italian Government; Foča-Ustikolina, by “Red Cross Association BOSNIA AND HERZEGOVINA”, and with technical and financial support from International Red Cross Committee in BOSNIA AND HERZEGOVINA. At this point, there are mine action plans being realised for the following mine / UXO impacted municipalities: Novo Goražde, by „Red Cross Association BOSNIA AND HERZEGOVINA“, with technical and financial support of International Red Cross Committee in BOSNIA AND HERZEGOVINA and Odžak, by NGO „Posavina bez mina“ and NGO „Genesis Project“, with technical and financial support provided by Delegation of European Union in BOSNIA AND HERZEGOVINA. In this reporting period, MRE inspectors from EUROR LOT teams continuously conducted activities in impacted communities via public informing and education of impacted groups of population, while NGO „Stop Mines“ (with technical and financial support from EUFOR) has conducted two training courses for MRE instructors, successfully attended and completed by 78 attendees, mostly EUFOR LOT teams interpreters and representatives of organisations accredited for MRE. In this reporting period, 20 MRE projects were realised, with 26.307 persons educated on mine hazards.

Form J Other relevant matters

Remark: States Parties may use this form to report voluntarily on other relevant matters, including matters pertaining to compliance and implementation not covered by the formal reporting requirements contained in Article 7. States Parties are encouraged to use this form to report on activities undertaken with respect to Article 6, and in particular to report on assistance provided for the care and rehabilitation, and social and economic reintegration, of mine victims.

State [Party]: Bosnia and Herzegovina reporting for time period from January to December 2011

[Narrative / reference to other reports:]

- ✓ The size of mine suspect area is 1.340,06 km<sup>2</sup>;
- ✓ Mine suspect area is reduced by 102,62 km<sup>2</sup> or 70% out of plan;
- ✓ Total newly surveyed mine risk / suspect area is 93,80 km<sup>2</sup> or 118% out of plan;
- ✓ Newly surveyed mine risk area of 61,20 km<sup>2</sup> (760 humanitarian demining projects) and surveyed III category area of 32,60 km<sup>2</sup> (245 permanent marking projects);
- ✓ 276 completed tasks (145 technical survey and 131 clearance tasks);
- ✓ Sampled area of 12, 69 km<sup>2</sup> or 41% out of plan. Technical survey operations reduced 9,56 km<sup>2</sup> mine risk area or 44% out of plan, while clearance operations reduced 3,13 km<sup>2</sup> of mine risk area or 34% out of plan;
- ✓ Found and destroyed 1.816 AP mines, 389 AT mines, 5.346 pieces of UXO and 59 pieces of cluster munitions (KB/KB1). Average number of mines found and destroyed per hectare is 7,04 mina/ha;
- ✓ 67 humanitarian demining tasks of total area 2,46 km<sup>2</sup> were transferred to 2012;
- ✓ 104 permanent marking / access barring projects were realised in III category with the area of 24, 63 km<sup>2</sup> or 75% out of plan. Through stated operation, 2.349 individual marking signs were placed, which is 47% out of plan, along with 52 mine situation information panels / billboards;
- ✓ Emergency marking activities resulted in 13.543 placed mine warning signs or 85% out of plan;
- ✓ QC Inspectors from Mine Action Centre Bosnia and Herzegovina conducted 4.718 inspections or 59% out of plan;
- ✓ 20 MRE projects were realised, were 26.307 persons were educated on mine hazard; 15 Mine / UXO Victims Assistance projects were realised;
- ✓ Funds spent on mine action in BOSNIA AND HERZEGOVINA and in accordance to available data were 40,65 millions KM or 51% out of plan – 79,99 millions KM (according to Annex 1. of the Mine Action Strategy for 2009 - 2019)
- ✓ There were 10 incidents and 3 demining accidents, resulting in total 22 victims. There were 9 deaths and 13 wounded persons.

### MINE VICTIM ASSISTANCE

In 2011, three coordinating meetings were held dealing with mine / UXO victims assistance in BOSNIA AND HERZEGOVINA, as well as several individual meetings between Mine Action Centre BOSNIA AND HERZEGOVINA and representatives of organisations which deal with the issue of mine / UXO victims assistance, all in order to improve the status of mine / UXO victims. There were continuous activities in the area of reporting based on Conventions and Protocols signed by Bosnia and Herzegovina, amongst them those which deal with mine / UXO victims assistance. Representatives from Bosnia and Herzegovina attended Intersessional meetings in Geneva of the States parties to the Ottawa Convention, where current situation in Bosnia and Herzegovina related to this issue was presented. Apart from abovementioned, there were continuous activities conducted on updating the database (BOSNIA AND HERZEGOVINAMAIS), i.e. collection and input of data related to registered mine incidents / demining accidents, as well as input of data on projects related to mine / UXO victims assistance. Additionally, a procedure was started for collecting the information about cluster munitions victims in BOSNIA AND HERZEGOVINA, with identity checkups for persons who received assistance through mine / UXO victims assistance projects. Web site is created and updated on mine victims, while continuous analysis has been conducted in relation to law regulations which concern mine / UXO victims at all administrative levels in Bosnia and Herzegovina. In this reporting period, 15 projects of mine / UXO victims assistance has been realised with the aim of raising victims' livelihood standard, promotion of disabled persons and their social and economical integration back into society.
